

# Office Twitter: Strategies for Success in Hand and Upper Extremity Care

## 14<sup>th</sup> Annual Hand Surgery Symposium: Office Twitter: Strategies for Success in Hand and Upper Extremity Care

Philadelphia Meeting  
March 3 – 5, 2012

Hand Rehabilitation Foundation is proud to present in 2012 the 14<sup>th</sup> Annual Hand Surgery Symposium entitled **Office Twitter: Strategies for Success in Hand and Upper Extremity Care**. Based on the widely acclaimed symposium first held in 1999, this meeting will provide a comprehensive exploration of common hand and upper extremity conditions presented by an internationally renowned faculty. Didactic presentations will provide the framework, and cadaver surgery demonstrations will provide the picture of anatomy and techniques of management with unparalleled clarity. Exhibitor sponsored bioskills labs are offered to provide to a captive audience demonstrations and hands-on experience with the latest in technology for hand, wrist and elbow surgery.

*Target Audience: Hand Surgeons, Orthopaedic Surgeons, Plastic Surgeons, Microsurgeons*

### ◆ Bioskills Lab ◆ *Intent to Participate*
